Are Air Purifiers Effective and Safe?

Wednesday, March 24th 2021

1:00 p.m. PST / 4:00 p.m. EST

There's a lot of buzz around air purification right now. You're invited to an open panel discussion covering a wide range of topics about Air Purification. We'll talk about:

- What's the difference between MERV, Hepa, UV, Portable, and In-Duct filtration?
- Can air purifiers really kill viruses, including COVID-19?
- What third party certifications are available? Are there industry standards for air purifiers?

We've invited industry experts to panel a discussion aimed at separating fact from fiction. Please join us to find out if air purifiers are really a safe and effective option for you.
